Ltd.®

Welcome to The Puppet Company Ltd®

Our catalog contains dozens of wonderful puppets suitable for children, adults, teachers and professional puppeteers alike.

Puppets that simply ask to be played with, encouraging creativity, performance and most of all fun!

The Directors of the company are both ex-teachers with over thirty years experience between them.

Their enthusiasm for puppetry is driven by the knowledge of the simple joy that a puppet can bring to a child.

Children will talk to a soft toy but a puppet allows them to talk to it and through it.

All the puppets in this catalog have been designed in the UK and manufactured in Indonesia and China by factories that we personally visit and audit.
