

Scholarship Committee,

Thank you very much for the \$1,500 Fire Science Grant. I have never received a scholarship before and this feels like I just won the lottery.

I am thankful for the amount of encouragement and support that I have gotten from OVFA and the Lebanon Fire District while going to school. Every day I wake up and I am excited that I have chosen a career path that I love.

I am at a loss for words and I can't begin to express how appreciative and thankful I am to be awarded this scholarship. All I am really able to say is thank you. Thank you very much.

Respectfully,
